WAGMIx SK Hynix Daily Max (2x) | Ticker: SKHY2Lw

Underlying Asset: HKEX 7709.HK (CSOP SK Hynix Daily Max (2x) Leveraged Product)

The world's first tokenized product supporting 24/7 trading and T0 settlement[3] for primary subscriptions and redemptions

Underlying Asset Investment Theme and Market Data

In Q2 2026, SK hynix ranked first globally by high-bandwidth memory (HBM) revenue.[1]

Up to 2x daily 7709.HK seeks to track SK hynix's target daily leveraged performance before fees and expenses.	**≈ HK$307.8bn[2]** Peak monthly turnover (Jul 2026)	**≈ HK$14.0bn/day[2]** Average daily turnover in the peak month (Jul 2026)	**Over HK$132bn[2]** 7709.HK assets under management

Four Core Selling Points

01 Physical Asset Backing

7709.HK units are held in custody by a licensed broker, with actual holdings providing 1:1 backing.

02 Deep Order Books by Top Market Makers

Leading global market makers provide buy and sell quotes around the clock to maintain order-book depth. Secondary-market prices are formed through the order book.

03 No Funding Fee + Arbitrage Potential

Unlike perpetual contracts, this product charges no funding fee. Hedging with perpetual contracts may create funding-fee arbitrage opportunities. Outcomes depend on funding rates, hedges and costs.

04 No Brokerage Account Required

Investors can trade on supported secondary markets directly from their wallets without opening a brokerage account.

Operating Process

Each on-chain mint and burn corresponds to actual settlement of the underlying 7709.HK units in Hong Kong.

① Subscribe
Issuer-approved investors subscribe via a PD using cash, supported stablecoins or eligible assets in kind.

→

★ Underlying Asset Purchase
The underlying 7709.HK units are traded on HKEX.

→

② 1:1 Minting
SKHY2Lw tokens are minted on-chain under controls at a 1:1 ratio.

→

③ 24/7 Trading
Order-book trading with around-the-clock market-maker quotes, subject to applicable laws and selling restrictions in the relevant jurisdictions.

④ Redemption and Burn
Submit a redemption request through a PD, then burn the tokens on-chain.

←

★ Underlying Asset Sale
If redemption requires the sale of underlying units, 7709.HK units are sold on HKEX.

←

T0 Redemption[3]
Issuer-approved investors redeem via a PD for cash, supported stablecoins or eligible assets in kind.

Product Information

Trading Pairs and Hours: SKHY2Lw/USDT and SKHY2Lw/USDC. Secondary-market trading is available 24/7. Primary subscriptions and redemptions may settle on T0 during and outside Hong Kong stock-market hours[3].	**Minimum Subscription and Redemption Size:** The minimum is 100,000 Notes per primary subscription or redemption (this minimum does not apply to secondary-market trades), unless another minimum or multiple is specified or agreed under the definitive transaction documents.
Fees: The product charges no funding fee. Investors approved by the issuer pay 0.10% on each subscription and redemption. An annual 0.25% custody fee applies to underlying assets held in custody. Lower rates require case-by-case approval.	**Licensed Custody:** Fosun International Securities Limited acts as the licensed broker custodian and holds the underlying 7709.HK units, with actual holdings providing 1:1 backing.
Technology: WAGMIx's 24/7 tokenization platform handles the end-to-end tokenization architecture and operations, with technical support from Finloop Finance Limited.	**Holder Rights:** Holders receive contractual economic benefits linked to 7709.HK. They may transfer tokens around the clock, subject to applicable transfer restrictions, and request redemption through an approved participating dealer.

About WAGMIx

Website: wagmix.com

01 Investment Research
Research tracks industry trends and identifies promising assets.

02 24/7 On-Chain Assets
Supports 24/7 secondary trading and T0 primary settlement[3].

03 Market-Maker Liquidity
Top market makers provide two-way quotes and order-book depth.

04 Licensed Broker Custody
